Sir,

This week has seen me continue to develop the Theatre Rules of Engagement Matrix. Completing the matrix is not that time consuming, trying to extract the ROE from the numerous TCN is. The process is ongoing. In addition, I am constructing another matrix in conjunction with COL [S41] or MND (C-S) which is a mission task based matrix based on both ROE and TCN mission statements.

I have continued to attend the normal weekly meetings being the CCC and the DCG's CCC brief on Wed am.

I have been doing some research for legal advice on the Ankara Peace Agreement, the PUK and the KPD.

I arranged and hosted a meeting of legal officers from MND (C-S) here yesterday. The Poles, Ukaranians, Hungarians, Spanish and Nicaraguans attended. I did presentations on Detention and ROE, another officer did a presentation on Claims.
